October 2021

Dear Parents/Guardians

Re: Revision Guides

I am writing to you to offer you the chance to purchase revision guides from the school. In many cases as a school we are able to purchase these at a reduced rate when compared to the high street.

The revision guides are not only an excellent resource to support frequent revision, but to also support students at the start of their GCSEs as a course companion.

To order any of the revision guides you will find a list within your ParentPay account. Please select any guides you wish to purchase, and the school will then order them on your behalf. There is no obligation to buy these, but they are a good supporting resource. If you wish to purchase these please can I ask that you order them through ParentPay before Monday 1st November so we can order them as soon as possible.

As well as revision guides the school also subscribes to GCSE Pod which is an excellent active resource that contains short videos that link directly to the exam specifications. Details of how to log in are attached. Further GCSE support resources can also be found by clicking [here](#).

To further support students we will also be running a study skills programme on Monday 8th November to supplement the work they have been doing in form time. These sessions will take place in the morning and cover revision and exam skills and also how to cope with exam stress.

If you have any further questions regarding the purchase of revision guides, please do not hesitate to contact the school.

Yours faithfully

Mr S Wycherley
