**1** You will be sent an email containing a 16 digit code.

**2** The email will tell you how much money that eCode is worth. You need to go online to swap this eCode for an eGift card (an online voucher).

**3** Copy and paste your 16 digit code into the link below:  
[www.selectyourcompliment.co.uk/grocery](http://www.selectyourcompliment.co.uk/grocery)

(DO NOT copy and paste the code onto the link that it automatically directs you to when clicking “Redeem your eCode” as it will tell you that the code is incorrect).
