Students / Parent / Guardian

Students you are already aware that we have been having reports of antisocial behaviour around the town, we are in the process of addressing the people already involved.

As you will know Friday evening is the Christmas light switch on we would like this to go ahead without any issues and want everybody to enjoy this family event.

There will be a number of Police officers and Pcsos on duty during the evening. If anybody is caught causing any sort of antisocial behaviour around the town they will be dealt with robustly and taken home to parents.

On a lighter note most of you will know us by now so please stop and say hello let's all enjoy the evening.

Thank you for your support in this matter
